### General Overview

The Enterprise Storage Service (ESS) is State of Nebraska managed, data center class storage fabric. It is maintained by the OCIO and the Network Services Enterprise Storage Service team. Currently, there are three types of application-aligned storage. Each has their own costs, service level minimums and maximums, and workload types.

All storage tiers include non-stop availability and durability, non-disruptive data movement, and seamless upgrades.

### Service Details

#### The ESS Service includes:

- Storage that is flexible both in performance and capacity
- Storage level protection and resiliency
- Storage system monitoring
- Disaster recovery schedules per agency requirements

# Enterprise Storage Services

## The ESS Service does NOT include:

- Records retention
- Resolving permission issues caused by the customer

## Roles and Responsibilities

The Office of the CIO will be responsible for ESS operations and all connecting storage network components.

## Requesting Service

To order the service, or make changes to existing service, please use the OCIO Service Portal, <https://serviceportal.ne.gov>. Or, contact the Office of the CIO Service Desk at 402-471-4636.

## Service Expectations, Hours, Availability and Reliability

The Office of the CIO ESS appliances are mission critical devices run on a 24 x 7 basis. Any scheduled maintenance will be arranged well in advance via OCIO approved Change Management.

Support is available 24 x 7 by calling the Office of the CIO Service Desk 402-471-4636.

## Cost and Billing Information

The Office of the CIO uses a system of Billing Accounts, Job Codes, and Work Orders for authorizing work and tracking costs for specific projects. The customer may designate which job code and work order to use or request a new job code and work order. Contact the Office of the CIO for assistance with developing an accounting structure that meets the needs of the agency.
