

July 1, 2016 IT Consolidation update

Through June 30, 2016, the OCIO has met with five agencies to discuss the survey results regarding Phase 2 – IT Consolidation. We will be evaluating the information discovered through these meetings and making recommendations for the transfer of FTE's.

The transfer of FTE's will be done in stages with the goal of the first stage being completed by the end of July 2016.

The OCIO will continue to evaluate requests for positions to be filled and reclassified.
