CIO announces new State Information Security Officer

JULY 21, 2020 (LINCOLN, NEB.) – The Nebraska Office of the CIO (OCIO) today announced the hiring of Patrick Wright as the State’s Information Security Officer (SISO).

Wright brings to the position extensive private industry experience in enterprise security operations. Formerly, he served as an information security specialist at Farmers Mutual Insurance. His career with the State of Nebraska began Monday, July 13th. He is working directly with, and is part of, the enterprise Risk Mitigation and Compliance team.
